(attached)</p>	<p>This final regulation implements sections 6041 - 6043 of the DRA and section 405(a) of the Tax Relief and Health Care Act (TRHC) of 2006, which provides State Medicaid Agencies with increases flexibility to implement premium and cost sharing requirements for certain Medicaid recipients.</p>
<p>Final Rule: Medicaid Program; State Flexibility for Medicaid Benefit Packages; Final Rule.</p> <p>PDF CMS Press Release</p>	CMS-2232-F	12/3/08 Effective Date: 2/2/09	CMS_FRDOC_0001-0196	<p>TTAG comments on proposed rule 3/24/08</p> <p>See Summary of Medicaid Program; State Flexibility for Medicaid Benefit_CMS response Document (attached)</p>	<p>.Rule will implement provisions of section 6044 of the Deficit Reduction Act of 2005, which amends the Social Security Act by adding a new section 1937 related to the coverage of medical assistance under approved State plans. It also provides States increased flexibility under an approved State plan to define the scope of covered medical assistance by offering coverage of <u>benchmark or benchmark-equivalent benefit packages</u> to certain Medicaid recipients.</p>
<p>Final Rule: Medicaid Program; State Option to Establish Non-Emergency Medical Transportation Program</p> <p>PDF of Display Document</p> <p>PDF of Published FR Document</p>	(CMS-2234-F)	Will be published on 12/19/08 in FR 30 days after the date of publication in the Federal Register		<p>NIHB is in the process of analyzing this rule.</p>	<p>On 12/15/08 CMS placed on display at the Office of the Federal Register a final rule regarding non-emergency medical transportation (NEMT). This final rule implements section 6083 of the Deficit Reduction Act of 2005, which provides States with additional State plan flexibility to establish a NEMT brokerage program, and to receive the Federal medical assistance percentage matching rate. This authority supplements the current authority that States have to provide NEMT to Medicaid beneficiaries who need access to medical care, but have no other means of transportation..</p>
